It is my pleasure to formally welcome and congratulate the newly inducted council as the Dean of Students.

Beginnings are exciting-they are filled with anticipation-we know that inspiration and insight lie in front of us; as do hard work and accomplishment, success and failure, promise and progress and new heights to be climbed. And we know that we will be looking at the world and ourselves a little differently by the time the session ends. It is going to be a busy year. It is going to be a great year too! Avadh Girls' Degree College is a place where we as an institution advocate for what we believe in and that is educating girls / women to a make a difference in the world and more important to believe in your own self.

With this belief I welcome you all once again to your new responsibilities and fun in the months ahead of us May God Bless you all.
